BJC ROUNDUP

OCTOBER 14, 1958
BOISE, IDAHO

WHICH ONE WILL BE QUEEN?

The queen candidates selected in the preliminary balloting last Friday are (left to right) Sandra Waddell, sponsored by the Engineers club; Sharon Horton, Student National Education; Nancy Grange, Tau Alpha Pi; Sandra Jefferson, Intercollegiate Knights; Judy Bothne, Esquires.

College Campus Radio Station KBJC For Operation Wednesday Evening

The KBJC radio station, KBJC, will begin operation Wednesday, October 15, at 6 p.m. The station is operated by a staff of students. The station is located in the campus building at 670 on

the radio dial in the dormitories, the student union, and the auditorium. Programming will be scheduled daily from 6:00 p.m. to 9:30 p.m.

The station is under the management of the Broadcasting club. Mr. Woodward is faculty adviser. The club is open to all students. Dave Larson, president of the Broadcasting club, announced that anyone interested may contact him or Mr. Woodward.

The station will be used to provide music for some of the Union Nite dances, and radio dramas will be presented by the drama department. The programming will deal only with events of student interest.

W ADVISOR

Dr. W. Woodward, business instructor at BJC, has been named as the new faculty advisor for the Esquire club.

Committees Listed For Homecoming

The following chairmen and committees for homecoming were announced by George Hibbard, homecoming chairman. Float Parade, Barbara Strang of the Valkyries, chairman. Queen Selection committee, Tom Apple, Terry Peterson, Bill Amburg. Pep Parade, Bill Brown of the Intercollegiate Knights, chairman. Hat Parade, Tom Stillman of the Esquires, chairman. All-Time, Howard Salzman and

(Continued on page 3)

BJC Blood Drive Nets 80 Pints

In the blood drawing held last Thursday, October 9, in the BJC Student Union, a total of 80 pints of blood were donated. It was less than half the desired goal of 150 pints, reported Jan Everts, student chairman of the drive.

A trophy for the highest percentage of donors was won by the Intercollegiate Knights, with 33%. The Valkyries were second with 30%, and the Esquires and the Social committee tied with 20%.

Of the donors, 22 were townspeople.

Miss Lois Hansen, BJC librarian, received a gold pin for having donated one gallon of blood.

Rules Announced For Float Judging

The following are the rules set up by the Homecoming committee for judging the floats in the annual parade to be held Saturday, October 25.

Originally, effectiveness, theme and public acceptance.

(Continued on page 3)

Pres. Chaffee to Lead Tomorrow's Devotional

Dr. Eugene B. Chaffee, president of BJC, will lead the devotional service to be held tomorrow at 9:30 a.m. in the college auditorium. Organ music will be featured by Mr. C. Griffith Bratt.

Student Nurses Attend Convention

Nearly seventy-five student nurses from all over Idaho attended their annual ISSNA convention at Pocatello, Idaho, October 8th and 9th, where they elected Sandra Berlin from Idaho State college as "Student Nurse of the Year from Idaho." Sandra was the former president of the state association.

The students registered on October 8th.

(Continued on page 2)

Men Choose Finalists For Homecoming Queen

Out of thirteen lovely young coeds, five were picked as finalists for "Homecoming Queen," October 10, in the preliminary all-male election.

The five finalists are Sharon Horton, sponsored by the Student National Education Association; Sandra Waddell, Future Engineers; Sandra Jefferson, Intercollegiate Knights; Judy Bothne, Esquires; Nancy Grange, Tau Alpha Pi.

AWS Cast Votes For New Officers

Newly-elected Associated Women Students officers are Janet Everts, vice president; Jackie Stamm, secretary; Sharon Paul and Elaine Clancy, freshman representatives.

Sue Hopping, president; Kay Rife, treasurer; Janice Gantner, social chairman; and Sandy Dean and Lorraine Cronk, sophomore representatives, were elected last spring.

Membership of AWS is composed of all the women students on the BJC campus.

The first activity sponsored by the AWS was their annual Fall Tea held at Morrison hall.

During the tea, the officers were formally introduced to the AWS members and their guests.

Announces Teams

Mr. Joseph M. Dolph, instructor in forensics at BJC, announced that the BJC debate teams have been formed, and a tentative debate schedule set.

Diane Coy, Cathy Lanham, Frank Hett, Jr., Veva E. Tucker, Annlee Riggs and Allyn Hobeck will debate the national question, "Resolved: That the further development of nuclear weapons be prohibited by international agreement," stated Mr. Dolph.

The tentative schedule includes a trip to Salt Lake City, Utah, in November, and a later trip to Oregon.

Mr. Dolph requested that students interested in debate should contact him.

Following the final balloting Thursday, October 23, the five finalists will appear in the Homecoming parade in downtown Boise Saturday, October 25. During the halftime entertainment in Bronco stadium, the queen will be crowned.

Other candidates for the honor were: Gretchen Hoff, backed by Pi Sigma Sigma; Marge Gibbens, German club; Nancy Wilson, B-Cubes; Carolyn Paris, Valkyries; Eleanor Shuee, Driscoll hall; Verlene Orr, Golden Z; Carol Ann Lee, Newman club and Marge Jackson, Morrison hall.

BJC Student Body Budget Approved

The student council has approved a student body budget for the forthcoming year, 1958-59, based on 900 students, reported Kip McCormick, student body treasurer.

The budget is based on students paying tuition and fees this semester, if the number of students varies considerably next semester.

(Continued on page 2)

Registrants Listed For King Beard

Barbara Strang, chairman of the King Beard contest, released the following names of BJC men who had registered for the annual contest, which is a part of the "Homecoming" activities.

They are Parviz Faramarzi, Kendall Kinyon, Dennis Miller, Bob Taylor, George Hibbard, Gordon

(Continued on page 2)

BJC's RADIO STATION — KBJC

Instrumental in setting up the campus radio station KBJC are (left to right) Dave Larson, president of the Broadcasting club; Dianne Coy, vice-president; Judy Kindstrom, continuity director.

ROUNDUP

Published weekly by the Associated Students at
Boise Junior College

Editor Claudia Shell
Faculty Advisor Dr. Robert Gardner

IN OUR OPINION . . .

One of BJC's oldest traditions is "Homecoming."

It gives the alumni a chance to return to their alma mater, and it affords the students of today a chance to enjoy the real spirit of college life. But it also offers an opportunity for comparison of the college spirit and enthusiasm of the past and the present.

In the background of this event is the hard work of the many people who are responsible for the activities of Homecoming.

There is the selection of a Homecoming queen and a "King Beard"; there are pep rallies and a pep parade; there is the downtown parade with all the beautiful floats; there are the two dances; and finally there is the football game.

For all the effort being put into Homecoming, the student body should really turn out in full force to support these events, and to prove to the people who worked so hard, that their efforts are appreciated.

On the enthusiasm which should prevail during Homecoming week, Vice President William Gottenberg says, "This is an event which calls for the maximum of student organization to achieve a successful series of activities, climaxed by the Homecoming ball. It takes the work of 10 different well-coordinated committees and involves the assistance of several high school bands—this year seven in number. In order to be assured of its success, it requires the whole-hearted enthusiasm of the entire student body."

Football Coach Lyle Smith said, "There are many components which go to make up a good game of football, and certainly not the least important is the support and enthusiasm shown for the team. With the school behind us, we'll climax the Homecoming festivities with the best game BJC has ever played."

Student Body President John McNeil said, "With the school spirit now evident around the campus I believe we are approaching the most successful 'Homecoming' in the history of BJC. The students want this very much; so does the football team—with this enthusiasm, the Homecoming celebration can't fail to be outstanding." —C.K.S.

The Place of Science in Education

Science is leading us past the threshold of a technological age, and in doing so has left us with a multitude of problems. These problems involve economic, political and moral issues which cannot be resolved by one man or a group of men trained in only one specific field. Education must produce men and women who are not only acquainted with the sciences, but also with the social sciences, the arts and humanities.

The importance of the physical sciences in our modern civilization is quite obvious. The growth and the security of our nation depends, to a great extent, upon the scientists we now have, and upon those who are being trained. As our society depends more and more on technology and science, its citizens must have some basic understanding of the nature and objectives of science. On the other hand, scientists must also have some fundamental knowledge of cultural, political and spiritual values, so necessary for the advancement of civilization. It has been stated that "modern man must be a jack of all trades and a master of one."

Mass production of scientists and engineers is not the answer to world problems. Russia is already de-emphasizing its technological educational program. When Russia put a satellite into orbit, the people of the United States were somewhat shocked—not by the satellite itself, but by the fact that another nation had scientists who could utilize fundamental laws and put them into practical use.

Since the first Sputnik, our educational system has been scrutinized with a caustic eye. Many committees have been meeting and discussing ways and means of inducing more students to take up science majors. Quantity of scientists and engineers is not the crucial problem; but quality is.

Students: You have the opportunity of acquainting yourself with the physical sciences. You may not use them directly in your chosen profession, but they can help you to understand the planet in which you live.

DR. JOSEPH SPULNIK
Chairman, Division of
Physical Sciences

Student Nurses

(Continued from page 1)

tober-8, then attended a tea given by the student nurses of Idaho State College.

Tuesday morning Judge Darwin Brown spoke to the students about "Legal Aspects of Nursing."

That afternoon George D. Cox, MD, told them of the "Psychological Aspects of Patient Care," and in the talk he pointed out the use of hypnosis for care of mental cases.

Student nurses attending the convention from Boise Junior College were Janice Secoy, Donna Schafer, Wanda Thornton, Deanna Noll, Bea Dorman, Harriet Anderson and Barbara Hickman.

Miss Florence Miles, faculty adviser, and all the senior nurses now taking their training in the State Hospital at Blackfoot, Idaho, were also present.

Letters to the Editor

Dear Editor:

We fully realize the sacrifices which must be made for progress; but why did the women of BJC lose their lounge?

The informal atmosphere of the lounge provided a refuge from the strain of a classroom and the deathly quiet of the library.

It was an ideal place for study. The library is a place for students who want a chance to study by themselves. The lounge was a place where a few girls could have a quiet discussion and a group review for a test.

Girls who didn't feel well were able to go to the lounge and lie down. The lounge also provided a place for a nap between classes, or just a chance to relax, listen to the radio and talk quietly with our friends.

The chairs, couches and the desk for studying added to the comfortable, homey effect of the room.

Surely some arrangements can be made for another lounge for the convenience of the women of BJC. This is a situation which should be corrected as soon as possible.

Sincerely,

Jean Robinette
Mary McCoy
Darlene Markley
Holly Black

Dear Editor

After reading the letters to the editor column of the previous paper, we were amazed.

Why did the author, in tearing down BJC students' spirit and enthusiasm, blast the one group that is sincerely trying to boost them?

How are we, the students, going to get these "most enthusiastic leaders" that he refers to when these "great enthusiasts" won't try out or sign the list on the bulletin board?

The three young ladies who were appointed by the executive council of the Associated Student Body were the only ones to show enough enthusiasm and school spirit to take on the cheerleader's job.

There were three vacancies and three applicants for the positions. Thus, they were appointed.

Pep assemblies? Why, we had a pep parade before the Oakland game, sponsored by the cheerlead-

Student of the Week

Jean Robinette

Jean Robinette, pretty brunette sophomore, was born in Lewiston, Idaho, 19 years ago. She has lived here in Boise for a number of years and attended Boise High.

Among her varied interests are the Spanish club and the Valkyries. She is editor of BJC's yearbook, the Les Bois, and works at Fern Equipment. She is major liberal arts, which she says she likes very much.

Her major interests are singing, Spanish, and traveling, though she says, she hasn't anywhere very interesting.

Her number one avocation, added, is that of "people watching." What ever there is to do, if people are involved, she is interested.

New Dean of Men Edwin Is Featured As Teacher of

Mr. Edwin B. Wilkerson, new dean of men, is starting his first year of teaching at BJC.

Mr. Wilkerson spent 10 years in the service; six in the army and four in the air force. He rose in

rank from
Receiving
ground in
ed the Uni
to Whitwa
Washington
B.A. degree

ers, less that a week after they were appointed. Thursday, October 8, a pep assembly was held which had been organized by the cheerleaders to familiarize the student body with yells and the school song.

Two pep rallies have been planned to be presented before Homecoming by the cheerleaders.

They are doing their job. Are you?

If some of the all-smoke-no-fire enthusiasts would really burn, they might, by their influence, get a resemblance of school spirit in the form of an organized pep section.

We would truly like to see an organized pep club, or cheering section, but you can't obtain it by tearing down our real enthusiasts—the cheerleaders.

The student section in Bronco stadium is reserved. There should be no townspeople or non-students (unless they are the dates of students) in this section.

If we, the students, took it upon ourselves to make sure that only students occupied this section, grouping the ones who really wanted to yell at the lower part of this section, we might get a decent cheering squad!

Sincerely,

"Three Bronco Boosters"
John McNeil
Nikki Balch
Nancy Joy Grange

Dear Editor.

Well, we've got a nucleus. It's comparatively small, but it's got the necessary spirit, power and enthusiasm. If only now we can add or gain more atoms, we can raise a real blast.

This bomb, of course, is the pep rally which was held last Thursday during the break. First, I wish to apologize if I have offended those who are trying to promote BJC; for that is my aim also.

The pep rally, although small, seemed to rattle the windows of the auditorium with its vibrado and energy. If something is to grow and flourish, it must be exercised; therefore, I'm for having more pep rallies until we can raise the roof, rather than rattle the windows. For the cheerleaders, who planted the seed, I say three cheers, and keep it growing.

The band also deserves another three cheers. They filled the stage; we filled about the first four rows.

LITTLE MAN ON CAMPUS

Campus Query

By Thomas C. Dooley

Question: In your opinion, what is the most needed improvement at BJC?

Lon Billman: I think the parking problem is one of the first improvements that should be made at BJC. It is becoming increasingly difficult to find enough parking space to accommodate the number of vehicles now being driven by BJC students and faculty. Boise Junior college has a larger enrollment every year, and the parking situation will have to be improved in the very near future.

Gwen Youngs: I would like to have a large bulletin board erected somewhere in the central part of the campus. There are many activities that are held at BJC, and too many students fail to attend because they have no knowledge of them. It wouldn't take much effort to construct a large centrally-located bulletin board so that the majority of the students would have an opportunity to read it.

Keith Hawks: In my opinion the basic function of the Student Union is to afford facilities for pleasure, convenience, and relaxation of the students, who pay for these privileges. The closing time of 4:00 p.m., while working no hardships on students getting out of classes at 3:00 p.m., makes it difficult for students with later classes to have a coffee break without going off campus. Perhaps some arrangement could be made to keep the Student Union, or part of it, open later.

A CLOSE SHAVE

Bart Auglin is shown getting a shave from Valkyries (left to right) Jan Everts and Barbara Strang as he registers for the King Beard contest. Holding his hand is Wes Boyceger.

Notice of Requirements For Student Teaching

Freshman students in the two-year education curriculum at BJC will be required to meet the following requirements for admission to the student teaching program in their sophomore year:

1. A sophomore standing of at least 28 credits, with a minimum of 90% C's in college and a recommended ranking in the upper half of the high school graduating class.
2. A reasonable ability in communication skills, with the completion of two semesters of freshman composition and at least a grade of C each semester.

3. No limiting physical handicaps on mental or physical health.

4. A satisfactory personality.

5. An interview with committee and others, as required.

6. A recommendation by the high school principal.

Freshmen who have any questions concerning any of these requirements are requested to see Mr. John Mattson of the education department.

Carr Continues Schedule For LesBois Pictures

Student and faculty pictures for the Les Bois, BJC's yearbook, are being taken from now until October 22 on the mezzanine of the Student Union, announced Mr. Frank Carr, school photographer.

A charge of \$1.50 is being made for the pictures, which includes the price of the annual also.

Students not having pictures taken by Mr. Carr will be charged an additional fee if they wish to receive the college yearbook.

Appropriate clothing for men students will be suits or sport jackets, ties and white shirts. Campus clothes are suitable for the women.

Mr. Carr urges that students avoid the rush and get their pictures taken early. He also added that students who have had their pictures taken must pick up their proofs on the specified date.

BJC's science building, which is equipped for life and physical sciences, physics and home economics, in addition to housing an amphitheater-type lecture hall with a seating capacity of 260, was constructed in 1955 at the cost of a half million dollars.

ALUMNI NEWS

Dr. Melvin DeMond and his wife Ellomae Holdin DeMond, both '48 graduates of BJC, visited their parents in Boise this weekend. Dr. DeMond graduated from the University of Washington dental school and has been practicing in Spokane for about a year.

Former faculty member and '52 graduate, John Druash, who also graduated from the University of Oregon and taught at BJC for three years, has accepted a position at Yuba college in Marysville, California.

Alumna, Doris Oliason, BJC '43, of Meridian, worked for the transport commission in Miami, Florida, from Dec. '43 to Dec. '44. She then became secretary for Glenn Taylor, and later worked for the Idaho Power.

Boise architect Nat Adams, graduated from BJC in 1942, finishing his schooling at the U. of Oregon. He has two children, Thomas Lake and John William.

Before his enrollment in BJC, Dr. Walter R. Tucker of Boise served with the marine corps and was a prisoner of war in Germany. Graduating in 1947, he went on to the University of California for his degree in optometry.

His wife, Beth Falls Tucker, '42, became a secretary at the registrar's office after her graduation. They have four children.

The Health Center, located at the west end of the BJC campus, is open daily for students seeking medical advice or treatment of any minor ailment.

The physical education building, constructed during the summer of 1955 at a cost of a half million dollars, contains two full-size basketball floors and areas for shuffleboard, badminton and table tennis.

CAMPUS STYLES

Away with cottons! Bring out those warm, wool clothes.

There's going to be frost on that pumpkin all winter!

When I said "wool" I was talking about 100% wool by Pendleton.

You know, gals, Anderson's has one of the largest stocks of Pendleton clothes in the west.

I saw something down there that's really fabulous. Pendleton has finally lined one of their jackets! It's a real dilly, called the Topmaster with knit collar and cuffs.

The Topmaster comes in all those rich, warm Pendleton plaids and solid colors, too.

You can get a perfect match with a Pendleton skirt and have the sharpest looking suit on campus. Not only that, you can get slacks to match.

This jacket has a sharp, sporty style all its own: \$25 at Anderson's.

Pendleton has the only machine in the world that will weave a block square sweater like their unusual "Jester Square". This exclusive, heavy knit sweater will put real interest in a wardrobe and sells for \$17.95.

I hope you'll go down and take a look at it, and all the rest of the Pendleton line. I did and, believe me, you can't go wrong.

I.K.'s, Pi Sigs Play Second Game; Both Teams Fail To Score Goal

The Pi Sigma Sigma and Inter-collegiate Knights fought their second grueling no-score battle of touch football on Thursday afternoon, October 9.

The I.K.s, sparked by ace passer Terry Peterson and receiver Lynn Sprague, put on a display of

passing prowess.

The Pi Sigs, however, displayed an effective defense, mainly through the efforts of George Hubbard, and were able to prevent the I.K.s from completing more than five passes.

Both teams were competing for a trophy which the I.K.s now hold.

MUSCLE

Bill Woodcock, 231-pound tackle, demonstrates the art of tackling on halfback Bud Zarbnisky. These two will probably see plenty of action against the Trinidad Trojans next Saturday night at 8:15.

FOREWARD WALL

Presenting a formidable line for the Broncos are (left to right) end, Hardell Bailey; tackle, Fisher; guard, Paul Brumby; center, Bill Moore; guard, Harry Kealoha; tackle, Darrell Valt; and fullback. These are some of the stalwarts who help to make up BJC's forward line of attack.

ACE LINEMAN HARRY KEALOHA

Athlete of the Week

Harry Kealoha

Ace lineman Harry Kealoha has been chosen as the "Athlete of the Week."

Harry, a 197-pound player, earned a berth on the first team because he is a stalwart lineman in both offense and defense.

Harry attended Daniel Hale Williams High School in Honolulu, where he was a letterman in football and basketball. He was also a weight man on the team, throwing the shot and the discus. While in Hawaii, he pitched baseball and played football.

Harry says he chose to attend BJC because it is a good school with good football teams and excellent coaching.

Kealoha, a sophomore in agriculture, plans to attend Utah college after his graduation from BJC.

(This is the first of a series of sports features by Larry M. called "Athlete of the Week.")

BJC Broncos Lead NJCAA Grid Poll

SPEED

BJC and Tyler, Texas, lead the NJCAA grid poll for the north and south divisions. Sporting a 40 record and with impressive victories over Arlington State, Texas, and San Antonio, Texas, the Tyler Knights are poised atop the southern division. The opening football season is under way, with BJC leading the north division with a 100-0 record. Arlington State, Texas, is second in the north division with a 7-1 record.

The BJC Broncos are the only team in the north division with a perfect record. They have won all 10 games, including a 49-0 victory over San Antonio, Texas, and a 49-0 victory over Arlington State, Texas. The Tyler Knights are the only team in the south division with a perfect record. They have won all 10 games, including a 49-0 victory over San Antonio, Texas, and a 49-0 victory over Arlington State, Texas.

1. Tyler, Texas
2. BJC
3. Texas Tech
4. Washington
5. New Mexico

Right end Hardell Bailey is on the receiving end of a pass. This weapon may prove advantageous to BJC with ace passer Herb Halliwell on the throwing end. Hardell has held the right end position since the start of the season.
